Part 2: SEO & Keyword Research

On page Optimization: On-page optimization, also known as on-page SEO (Search Engine Optimization), refers to the process of optimizing various elements on a website's individual pages to improve its visibility and ranking in search engine results. The primary goal of on-page optimization is to make the webpage more appealing and relevant to both users and search engines. The on-page optimization of Lakme is as follows

Audit Results for www.lakme.com

On-Page SEO Results

Your On-Page SEO could be better

Your page has some level of On-Page SEO optimization but could be improved further. On-Page SEO is important to ensure Search Engines can understand your content appropriately and help it rank for relevant keywords. You should ensure that HTML Tag Content is completed correctly and align text content to target keywords.

Title Tag

You have a title tag of optimal length (between 10 and 70 characters).

Home - Lakme

Length : 12

Meta Description Tag

Your page has a meta description of optimal length (between 70 and 160 characters).

La marca de cosmética capilar profesional en la que confían los estilistas. Productos de alta calidad, 25 años de recorrido y presencia en más de 90 países.

Length : 156

Above screenshot tells us that the title tag and meta description tag are proper. It suggests us that the title tag should be of length of minimum 10 characters to a maximum length of 70. our title tag is of 12 characters.

Apart of title tag meta description tag also can have a minimum length of 70 characters to a maximum length of 160 but www.lakmeindia.com has a character length of 156. In order to make the page or website better we have to change the character length to the character limit so that the page can be top in search rankings.

Part 3: Content Ideas and Marketing Strategies

Challenges:

1. **Content Saturation**: With the abundance of content available online, breaking through the noise and capturing the audience's attention becomes increasingly challenging. Creating unique, valuable, and engaging content is vital to stand out.
2. **Audience Segmentation**: Understanding and catering to diverse audience segments with different interests, preferences, and behaviors can be demanding. Marketers must develop content strategies that resonate with specific target groups.
3. **Content Relevance**: Ensuring that content remains relevant to the audience over time is essential. Content can quickly become outdated or lose its impact if not regularly updated or adapted to current trends.

4. Intense competition: The beauty and cosmetics industry is highly competitive, with numerous brands vying for the attention of consumers. Lakme faces stiff competition from both domestic and international beauty brands, making it crucial for them to continuously innovate and stay ahead of the game.

5. Market saturation: The market might be saturated with various beauty products and brands, making it challenging for Lakmé to create a unique identity and stand out from the competition.

6. Changing consumer preferences: Consumer preferences in the beauty industry can change rapidly, influenced by trends, social media, and influencers. Lakme needs to keep a pulse on these trends and adapt its marketing strategies accordingly.

7. Pricing strategy: Setting the right price point for products is essential. Lakme needs to strike a balance between affordability and maintaining a perception of high-quality products.

Advertising Goals

Reach and Frequency: Aim to maximize the reach of advertisements to expose brand to as many potential customers as possible. Additionally, consider the frequency of your ads to ensure that your message is seen and heard repeatedly, reinforcing brand recognition.

Storytelling: Craft compelling and consistent brand stories across different advertising channels to create a lasting impression in the minds of consumers. Storytelling helps create an emotional connection with your audience and makes your brand more memorable.

Brand Identity and Messaging: Clearly define your brand's identity, values, and unique selling propositions (USPs). Ensure that your messaging consistently reflects these elements across all advertising materials to build a recognizable and coherent brand image.

Target Audience

Women: Lakme's primary target audience is women of all ages. The brand offers a wide range of beauty and cosmetic products tailored to meet the needs and preferences of women.

Young adults and Professionals: Lakme targets young adults, including college students and working professionals, who are interested in cosmetics and beauty products to enhance their appearance for everyday use or special occasions.

Urban Dwellers: The brand has a strong presence in urban areas, where the majority of its target audience resides. Urban consumers often have greater exposure to beauty trends and are more likely to seek out cosmetic products.

Part 4: Content Creation and Curation (Post creations, Designs/Video Editing, Ad Campaigns over Social Media and Email Ideation and Creation)

Challenges Faced

Maintaining Originality: Creating original content can be difficult, especially when there is an abundance of existing information on the internet. Plagiarism is a serious concern and can damage the reputation of the content creator. Striking a balance between providing valuable insights and maintaining originality is a constant challenge.

Time Constraints: Content creation and curation can be time-consuming, particularly if it involves in-depth research, fact-checking, and editing. Consistently producing high-quality content within tight deadlines can be demanding.

Quality Control: Ensuring the accuracy, grammar, and overall quality of the content is vital. Content with errors or inconsistencies can harm credibility and drive away the audience.

Content Overload: With a vast amount of content available online, it's challenging to stand out amidst the noise. Creating something that captures the audience's attention and offers unique value becomes more difficult as the competition increases.

Audience Relevance: Understanding the target audience and tailoring content to meet their needs is crucial for success. Creating content that resonates with the intended audience requires continuous research and adaptation.

Copyright and legal issues: When curating content from various sources, it's essential to respect copyright laws and obtain necessary permissions. Failure to do so can lead to legal complications and reputational damage.

Finding reliable sources: Curating content involves gathering information from various sources. Verifying the credibility and reliability of these sources is critical to ensure the content's accuracy and integrity.

Keeping up with trends: Online trends and interests can change rapidly. Content creators and curators need to stay up-to-date with the latest developments to remain relevant and engaging.

Content distribution: Even with excellent content, reaching the target audience can be challenging. Understanding various distribution channels, search engine optimization (SEO), and social media strategies is necessary to maximize content visibility.

Measuring performance: Assessing the success of content creation and curation efforts requires tracking and analyzing relevant metrics. determining which metrics to focus on and how to improve based on the data can be a complex task
